## BRAKES ARE BETTER THAN ITS POWER

War Department is Attacked by  
Senator Hitchcock in Scathing  
Denunciation Today

HAS FALLEN DOWN, HE SAYS

Attack Made in Face of Personal  
Request of President for Less  
Discussion of Bill

FOR SPECIAL WAR CABINET

Charges Secretary Baker's Efforts  
to Correct Defects in Depart-  
ment Will be Futile

(By United Press.)

Washington, Feb. 4.—Declaring that the war department is "better equipped with brakes than with motive power," Senator Hitchcock, Nebraska, today delivered an attack in the senate.

His attack came in the face of personal demands by President Wilson for less discussion of the war cabinet bill and more action on vital legislation. It marked the opening of a spirited discussion in the senate and the house over the Chamberlain measures.

Hitchcock charged that: The war department has fallen down in its important functions.

Secretary Baker's efforts to correct defects in his department would be futile.

The transportation system has fallen down and is a gigantic trust. There is no port to co-ordinate transportation across the Atlantic.

Efforts to move food for our allies and ourselves have miscarried.

The Nebraska senator asserted that this situation was due to the failure to make the various departments work together and co-ordinate their efforts.

Hitchcock declared the military affairs committee acted, "considering the revelation made at its investigation, and decided it will serve no purpose to make scapegoats of a few individuals."

## ONLY \$50 SEPARATE THE TWO ESTIMATES

Bids Received on John G. Beale  
Road But None on Smullen High-  
way—Posey Road Ordered

BOARD APPOINTS VIEWERS

The county commissioners at the February meeting today ordered construction of the Posey road in Posey township and appointed viewers, and late this afternoon were deliberating over two bids received for the construction of the John G. Beale road in Rushville township. The Smullen road in Washington township was also advertised for today, but no bids were received. The road will be re-advertised.

Two bids were received on the Beale road and there was only \$50 between the two contractors, Neinhart and Kirkpatrick and Hooten. One bid was \$17,550 and the other \$17,600.

Harry Gosnell and Jesse Trowbridge were appointed viewers for the Posey road.

A ten pound bay was born to the wife of Ralph Waggoner this morning. Ralph Waggoner is a member of the 139th field artillery stationed at Camp Shelby, Hattiesburg, Miss.

Lowell Stevens, the ten months old son of Mr. and Mrs. Harvey L. Stevens of Orange, died at the home of his parents last night following an illness from pneumonia.

## LAST CASE OF DIPHTHERIA

Disease Disappears When Harry  
Kennedy is Released

A negative report has been returned on the culture of Harry Kennedy who has been quarantined with diphtheria. Mr. Kennedy's case is the last to be released from quarantine and the diphtheria situation has entirely cleared up. Nothing new has developed in the smallpox situation and the health board believes there is very little danger of its spreading. All of the homes where washings had been taken in, near the home where the disease broke out, were fumigated and the clothes were fumigated so danger from that source has been avoided.

## IS SWAMPED WITH REQUESTS FOR AID

Income Tax Man Appealed to by  
Farmers, Many of Whom do  
Not Bring Proper Data

HAVE TO MAKE SECOND TRIP

Urged to Bring Itemized Statement  
of Expenditures and Receipts  
—New Blank to Fill Out

Harry P. Euler, income tax inspector at the postoffice, was swamped Saturday with appeals from farmers for assistance in filling out their income tax blanks, but the majority of them had to be sent home for the proper data. Mr. Euler announced today that if farmers would bring with them when they call on him, an itemized statement of their expenditures and receipts for the year, he could fill out any blank in five minutes. He urges farmers to be sure and have the figures before they call, so they will be saved the inconvenience of making another trip.

The government has a person going and coming. There is no way to escape the income tax. The government will have a check on every individual receiving as much as \$800 a year salary even though single men making up to \$1,000 a year and married men making up to \$2,000 a year are not required to fill out the blanks because they are allowed exemptions of these sums:

One section of the war income tax law, exhaustively comprehensive in scope, requires every person, without exception, and every corporation, partnership, association, and insurance company, in whatever capacity acting, who paid \$800 or more to another person, corporation, partnership, association, or insurance company, as interest, rent, salaries, wages, premiums, annuities, compensation, remuneration, emoluments, profits, and income, to report the name and address of the person, corporation, etc., to whom the payment was made, together with the amount of the payment, to the Commissioner of Internal Revenue at Washington, using a form prescribed for the purpose—Form 1099, now to be had from all collectors' offices. The forms must be filled out and returned on or before March 1, 1918, accompanied by Form 1096, which is a letter of transmittal and affidavit certifying the accuracy of Form 1099. The postmaster, banks and Mr. Euler has a supply of these forms.

Thus it will be seen that the government has a check on every person receiving more than \$800. In case it should appear that any man reported receiving more than \$800 a year does not fill out an income tax blank and it is suspected that he comes within the scope of the law, the government will make an investigation.

Helen Edwards, daughter of Mr. and Mrs. Ray Edwards, is ill at her home in this city.

## THRIFT SALES GO OVER \$4,000 MARK

County Report on Stamps and War  
Certificates For January Shows  
\$4,167.37 Sold

TWO DAYS AT MANILLA \$1,293

Rushville Postoffice Sells During  
Month \$2,572 Worth—Far Above  
Any Expectations

Rush county celebrated Thrift Day in a very substantial manner with a report coming in from Postmaster G. P. Hunt, that January's sale of Thrift stamps mounted to \$4,167.37, going \$1,584.58 over the sales of December, which was considered a remarkable month with \$2,582.79 realized from the Thrift stamps and war certificates.

The stamps amounting to \$4,167.37 were sold at the postoffice alone and the receipts will climb higher with the reports from the banks that have had the stamps on sale, and the Pennsylvania station here where they may also be purchased.

The Rushville postoffice sold during January \$2,572.66 worth of stamps practically as many stamps as the entire county did during the previous month. Manilla holds the record for the postoffice with the exception of the local one with a report that \$900.57 worth of the stamps were sold and the exceptional news that during the first two days of February stamps to the amount of \$1,239 had been sold. All of the towns over the county with the exception of Rushville totalled \$1,594.71 on their sales.

The observance of the day in the churches, schools and Sunday schools will no doubt have a noticeable effect on the increase of sales in the near future also. On yesterday which is really the date set for Thrift day, the pastors made short talks at church and Sunday school services, explaining the value of stamps and the manner in which they could be bought. Similar talks were made in the schools today urging the pupils to loan their money to the government in this way.

The standing of the towns in the county with the proceeds that the postoffices have received from the stamps and war certificates are as follows:

Arlington	\$ 25.10
Carthage	269.07
Glenwood	177.19
Homer	4.12
Manilla	900.57
Milroy	102.78

## COUNTY PREPARED FOR MERCURY DROP

Has Surplus of Coal as Temperature  
Goes to Ten Below Zero Early  
Today

WARMER WEATHER INDICATED

Third Heatless Monday—Probably  
The Last—Is Observed—Food  
Stores Open All Day

Rushville was fixed for the drop in temperature which sent the mercury to ten degrees below zero last night, because there was still coal here, although none arrived today. Conditions in the small towns of the county were fair, with no serious shortage of fuel any place.

Towns of the county observed the third heatless Monday—and probably the last—today, the same restrictions being in effect as last Monday with the exception that food establishments were governed by local fuel orders instead of being compelled to close at noon as last week.

M. F. Lovett, federal food administrator for the county, was advised by the federal food administrator for the state, this morning, that stores handling food may be operated without reference to the heatless day regulations of the national fuel administration, except that they were not expected to sell tobacco and other non-essentials. Food stores remained open all day the first heatless Monday, closed at noon the second, and now they are back at the old regulations.

John P. Frazee still has a small surplus of coal left over from the five cars he received last Thursday and Friday and Will Trennepohl was unloading today the car of eastern coal he received Saturday at noon.

The county fuel administrator requested fifteen cars of coal for the county this week, but it is doubtful because only five cars were ordered for the county last week.

As the result of the drop in temperature yesterday and last night little doubt remained in the minds of Rush county people but that the ground hog saw his shadow on Saturday.

The temperature dropped steadily from Saturday night when the highest temperature recorded was twenty-nine above, according to Elwood Kirkwood county weather observer. At six-thirty yesterday evening the mercury stood at 12 above and at sunrise this morning, shortly after seven o'clock the temperature had fallen to ten below. In two hours,

## TO STRIKE AT HIGH PRICE

Government Bill Asks Power to Fix  
Schedule for Necessities

(By United Press.)

Washington, Feb. 4.—The government plans to strike directly at high retail prices if congress will pass the drastic food bill soon to be introduced in congress. Following the publication of labor bureau statistics showing living costs from 50 to 75 per cent higher than when the war broke out, government plans were in the new administration bill which asks for powers to fix prices on the products deemed necessary. It promises direct relief to the farmers complaining that fixing prices on wheat has brought injustice in that order.

## TREATY MUST REST ON CHRIST'S WORD

Dr. F. D. Burnham Says Peace Will  
Reign When Conflict is Settled  
on Teachings of Bible

UNION SERVICES ARE HELD

Need to Take Heed, He Declares, of  
Personal Life, When Individual  
Counts for So Little

"Peace will reign when the treaty of this great conflict is based on the teaching of Jesus Christ. The lesson of this premanent and lasting peace will be costly but out of it will come a day of blessing when the world will have been made a safe place for children to grow up in freedom and in teachings of God," stated Dr. Frederick D. Burnham of Cincinnati, president of the American Christian Home Missionary society, in his powerful address on, "The World Program of Jesus," at the union meeting held in the First Baptist church last evening.

The speaker took for his text the 17th verse of the 3rd chapter of 2nd Peter, "Ye therefore beloved knowing these things beforehand beware lest, being carried away with the error of the wicked, ye fall from your own steadfastness." There was an excellent attendance at the meeting, numbering 347. Music was played by the Christian Sunday school orchestra and Miss Kathryn Wooden and Miss Kathryn Giffin sang a beautiful duet.

Dr. Burnham in a very interesting and practical way traced Christ's program of the world in the home, in business, in civic life, in national life and in the international conflict.

"There never was a time when the individual counted for so little as today and when we see that between five and ten million have perished in this struggle there is a temptation, while thinking in these colossal terms, to minimize one's own importance. The warning in this scripture is to take heed for one's personal life. Every one should take heed and make his supreme concern how he is living," the speaker said.

"There never was a time when men were in so much danger of not calling on God. Our hope of a better world rests not on our army and navy but on Jesus Christ. Don't think I am not believing that our boys have gone in the holiest cause but they have gone to help stop the onrush of a nation which deals with force and while dealing in terms of force, we are liable to forget that Christ's principles are those which will save his kingdom," the speaker continued.

"What do I mean by bringing his principles into every day life?" The speaker answered the question by telling of the experience of Judge Ben Lindsay who by his practicing the application of "Suffer the little children to come unto me," has made the juvenile court a place where ragamuffins may have a

Continued on Page 7

## CALLS OUT PART OF FIRST DRAFT QUOTA

Provost Marshal Orders Part of Re-  
maining 35 Per Cent to Camp  
—None From Indiana

MEN ARE EXAMINED TODAY

Could Not be Notified in Time—Re-  
jected Men Subject to Test  
Under New Rules

Washington, Feb. 4.—Another large detachment of drafted Americans—74,500 men—will start into war training camps Feb. 23. This will leave 72,500 more in the first draft to be called later, Provost Marshal General Crowder announced today.

The date of calling out the remaining 72,500 has not yet been determined.

Indiana's men are not included in the orders.

The local army selection board had no instructions on the final call yet today because the statement was just issued by the provost marshal in Washington this morning, but it is expected they will be forthcoming in a few days. It is supposed the last half of the 35 percent, which will include Indiana men, will be called soon.

The sixty-five percent of the first quota was called out last September and October, but taking into account discharges because of physical unfitness, Rush county now has only forty men at Camp Taylor, Ky. The county's quota was sixty-six, which means that the county has twenty-six men to send to camp. Whether they will be sent all in one group or in given percents, as was done with the first sixty-five percent is not known, but it is presumed the call will be on the same basis as the first.

Although the army board received this morning the instructions contained in dispatches Saturday that further examination of registrants should be postponed until the new regulations governing the examinations arrived, the physician member of the board examined the men called in today because they could not be notified in time and all appeared ready for examination.

An effort was to be made today by the board to reach men called for examination tomorrow. All who can not be notified by telephone will be examined tomorrow when they appear. All men accepted, of course, are not affected by the less stringent regulations, but all rejected under present regulations were notified today and will be tomorrow that they will be subject to another examination under the new regulations.

## SEFTON M'HUGH IS PLACED ON TRIAL

Harry King, Alleged Accomplice in  
Robbery at Gross Home Will  
Testify For State

NO JURY YET AT 3:30 TODAY

Sefton McHugh, accused of stealing \$185 from the home of Isaac Gross northeast of Maury Saturday, Jan. 19, went on trial at the opening of the February term of circuit court today, and this afternoon at 3:30 o'clock no jury had yet been selected. Attorneys on both sides hoped to get a jury before court adjourned for the day.

Harry King, alleged accomplice of McHugh, who pleaded guilty to the same charge and is said to have implicated McHugh in his confession, will testify for the state.

Prosecutor Stevens is being assisted by John D. Magee and Will Newbold and Gates Ketchum are defending McHugh.

## DAUGHTER OF CAPT. PHILLIPS IS DEAD

Nilah Grace Phillips of Orange Ex-  
pires at Dr. Sexton Hospital  
Here of Appendicitis

HER FATHER RETURNS HOME

Nilah Grace Phillips, daughter of Capt. and Mrs. W. R. Phillips of Orange died at the Dr. Sexton Hospital last night following a short illness from appendicitis. She underwent an operation a few days ago and at the time her appendix was in such a bad condition that there was little hope for her recovery. The little ten-year-old girl was a favorite among her friends. She was a student in the Orange schools and a member of the Orange Christian church. She is survived by her parents and two brothers, Richard and Coleman.

Capt. Phillips was in training in Ayre, Mass., and recently was taking a course in bone surgery in Boston. He returned home on receiving the word of his daughter's illness.

The funeral will be conducted at the Orange Christian church on Wednesday morning at 10 o'clock.

## MOTHER, BABY LIVE FOLLOWING OPERATION

First Caesarian Operation Ever  
Performed Here in Which Both  
Live—At Sexton Hospital

MRS. BEALE'S LIFE IS SAVED

The first Caesarian operation ever performed here when both the mother and baby lived was that which Dr. J. C. Sexton performed Saturday on Mrs. Alva Beale of Bentonville, when a baby girl was born. Mrs. Beale took very sick at her home in Bentonville and when the Connersville ambulance called for her, it was the first intention to take her to the Connersville hospital.

Seeing the seriousness of her case she was then brought to the hospital in this city where it was known that she could receive the best of surgical attention in the hands of Dr. Sexton. By performing the very rare and difficult operation with the art with which few surgeons would have been able to do, Dr. Sexton saved the woman's life. She and the baby girl are at the hospital now and are doing very nicely. Mrs. Beale is 19 years of age.

## CLARKSBURG BUDGET EDITOR SUCCUMBS

Clifford McCracken, Although Crippled, Made Success of Paper—Pneumonia is Fatal

### FUNERAL TUESDAY AT 10 A. M.

Clifford McCracken, 28, editor of the Clarksburg Budget, died at noon yesterday after an illness of several days. An attack of grippe was followed by double pneumonia, which was the cause of death. For several years the deceased had been crippled but despite this handicap, worked untiringly and succeeded in making a success of the paper he edited.

He is survived by two sisters, Miss Alpha McCracken and Miss Dell McCracken with whom he made his home. His parents having died a few years ago. The funeral services will be conducted tomorrow morning at ten o'clock with burial in the Spring Hill cemetery. The Rev. C. C. Wilson, pastor of the Christian church of Clarksburg will have charge of the services which will be conducted at the church.

## FOOD PRODUCTION SURVEY STARTS TODAY

Farmers Begin Work Listing Seed, Men Who Want Employment and Farmers Who Want Help

### LISTS WILL ALL BE POSTED

Simultaneously over all of Rush county this morning farmers started on the food production survey which is expected to show great results in the county's crops for the coming year. District workers appointed by the township leaders began canvassing every house in their district of two square miles and obtaining the information on the survey cards from the farmers. The question of seed corn, other seed and farm help will all be partially met by the results of the survey, which is a statewide affair.

The results obtained from the survey cards, showing how much seed corn a farmer has and how much he needs, will be posted in prominent places over the county so that the lists may be consulted and used by men who wish to buy or dispose of seed corn or other feed.

Marion Dietrick, county emergency agent went to Washington and Posey townships to explain the survey as men from these townships were unable to attend the meeting where the details of the survey were explained.

## VINOL MAKES CHILDREN STRONG And Invigorates Old People

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.

It Cod Liver and Beef Peptides, Iron and Manganese Peptides, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Cascarin.

Those who have puny, ailing or run-down children or aged parents may prove this at our expense.

Besides the good it does children and the aged there is nothing like Vinol to restore strength and vitality to weak, nervous women and overworked, run-down men.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. Millions of people have been convinced this way.

F. B. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

### NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY: In the Rush Circuit Court February Term, 1918. Laura Ivins Ripley et al. vs. David Ivins et al. Complaint No. 1281.

Now comes the plaintiff, by Douglas Morris, their attorney, and files their amended complaint hereto, together with an affidavit of Douglas Morris, that said defendants, Margaret Kirk Frazier, Cora May Julian, Nannie Belle Frazier, Edward Ivins, William H. Ivins, Unknown Heirs of John Ivins, deceased, Unknown Nephews of John Ivins, deceased, Unknown Sisters of John Ivins, deceased, are not residents of the State of Indiana that said action is to establish the last will of John Ivins, deceased, and that said non resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named that unless they be and appear on the 26th day of March, 1918, at the Court House in Rushville in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the seal of said court, at Rushville this 4th day of February, A. D. 1918.

Geo. B. Moore, Clerk.

Edward Woods, a former teacher in the Posey township schools, died this afternoon at his home in Arlington following an illness of four years. Tuberculosis was the cause of death. He is survived by his widow and two children.

### Mathematics a Powerful Factor in Our Material and Economic Progress

Whatever may be said of mathematics as a "whetstone of the wits" or as a mental discipline, the fact remains that the chief vitalizing factor of the subject is found in its practical uses. Historically speaking, observes S. L. Macdonald of the Colorado Agricultural college, much of our advanced mathematics, as well as most of our elementary mathematics, sprang as a necessity out of very practical conditions.

It has been remarked that "man measures and conquers," and industriously speaking we may safely affirm that man's conquest depends very largely upon his ability to measure accurately. This task of measurement may be a problem in arithmetic, as the measurement of an excavation in terms of cubic yards or human hands or horse power or money, or the measurement may involve a more advanced knowledge, as the measurement of the length of an elliptical curve, or of a cable swinging freely between two supports, Brooklyn bridge for example. And let it be emphasized that this measurement is not complete until it is expressed in terms of known units that would be useful in a builder's bid or contract.

So mathematics, more than we realize, is a powerful factor in our material and economic progress.

### Municipal Forests Being Established in Maryland

In Maryland municipal forests are being established with professional aid from the state. In other eastern states, towns and cities are acquiring small municipal forests to serve for watershed protection or for recreation. The times seems fast approaching, notes a writer, when cities and counties as well as states and the federal government will very generally establish public forests for the growing of timber and for providing employment and utilizing land unfit for agriculture.

Forestry involves so long a time in maturing the crop that, while reasonably profitable, private funds or individuals are not often attracted. Forestry seems destined to remain largely a governmental institution, although under special conditions and in certain sections of the country private funds are being profitably employed in growing timber.

### Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Ira W. Ayres, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 27th day of February, 1918, and show cause, if any why FINAL SETTLEMENT ACCOUNTS with the estate of said deceased should not be approved, and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness the Clerk of said Court, this 2d day of February, 1918.

Geo. B. Moore, Jr., Clerk Rush Circuit Court.

Miller and Carr, Auctioneers. Rue Webb, Clerk.  
Lunch furnished by Plum Creek Aid Society.

### The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of **Foley's Honey and Tar** at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

**BROWNSVILLE, TEXAS.** Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as **Foley's Honey and Tar** is certain to bring quick relief. It is especially effective in cases of bad cough, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

F. B. Johnson.

### MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of **Jad Salts** from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

**Jad Salts** is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

# COMING!

One Day Only — Rain or Shine. at Hotel Scanlan, Rushville, Thursday, February 7.

Noted Healer's Work Is Wonderful—Her Work Is Largely a Labor of Love. TREATMENT FREE

One of the many remarkable features about Mary A. Rose the noted Peru healer, is the extraordinary amount of attention she attracts everywhere she appears. The crowds that flocked to her at Kokoma, Frankfort, Lafayette, Ft. Wayne, and scores of other Indiana cities, with eager, anxious sufferers, all with ailments of one sort or another, were so large that the hotels would often wish to close the doors. None were turned away, however, whether rich or poor.

This Helpless Invalid Was To Be Operated Upon Monday, But Actually Cooks Family Dinner Instead.

MARY A. ROSE SURELY DOES GOOD WORK

Mrs. Forrest Thomas, R. F. D. 4, Greentown, Ind., had been bedfast for eleven months, two weeks of which was in hard convulsions. She suffered with nineteen internal growths, to such an extent, that she often prayed to God to let her die and end it all. Five different times she was taken to hospitals at Kokoma and Indianapolis where X-ray, and the most skilled physicians and nurses failed to help her. More than \$900.00 had already been spent in vain. Another operation, at an additional expense of \$250.00 had been arranged, for the following Monday. In the meantime, however, like an angel of mercy, a message reached this unfortunate child of God, announcing the coming of Mary A. Rose, the noted healer, to the Francis hotel Kokoma, Friday. Mrs. Thomas was carried into the hotel, to Mary A. Rose. Three days later, the following Monday, instead of going through that terrible ordeal of surgical operation, as had been arranged for, Mrs. Thomas was actually on her feet, and cooking a fine dinner for a now rejoicing husband and children. The following harvest season she drove the mowing-machine, walked many miles to town, gained twenty pounds in weight, and has recovered completely. More than two years later, Mrs. Thomas writes and says: "I want all sufferers to write to me, for I want to tell them who saved me from a life of suffering and early death. I owe my life to Mary A. Rose; God bless her." Mr. Thomas, husband of above named lady, was also restored from rheumatism, so painful that he could not even turn in bed. Surely this family has good reason to be happy.

**EPILEPSY—FITS**—Son of Mr. and Mrs. E. P. Paul, Undertaker, Pyrmont Ind., had from twenty-five to a hundred spasms a day. He could no more walk, talk, feed himself, and his mind a total blank. Five physicians met in council; but they finally concluded the child was doomed for life. One of the physicians, turning to the now heart-broken mother, said: "Mrs. Paul, the only hope we can give you is for you to pray for the boy's death; it will be a blessing to him, and may save your own life. But a mother's love for her child (the most beautiful, and the most wonderful thing in this world) would not forsake her offspring; and rightly so, for Mary A. Rose, who has brought sunshine and happiness into many a dark, desolate home, rescued this child from the most horrible disease known to man, and made glad the hearts of two more proud parents.

Now after almost two years, the parents write and say, that the child has had no more spasms' is sound and well, and as fine a boy as ever attended school.

**BLINDNESS**—Mrs. Wm. Witt, R. F. D. 1, Auburn, Ind., was almost totally blind for years; her husband was to be operated on for Appendicitis. Both were healed and remain so, for about three years, according to letter just received from them.

**PARALYSIS**—Mr. Chas. Allman, R. F. D., Peru, Ind., age 63, stricken for two years, unable to work, was restored three years ago; worked in harvest field same year, went with threshing machine, and cut corn all fall. He threw the old cane away.

A three year-old child of Mr. and Mrs. George Porter Bringham, Ind., had never walked, had spasms, and was not expected to live. The child now romps and plays like other children, and of course, the parents are happy.

**ASTHMA**—Mr. L. A. Campbell, farmer, Greentown, Ind., suffered the tortures of asthma for years; he spent a fortune on doctors, medicines, and travel over various states, seeking relief. He could not work, nor lie down for a whole year. He lost much weight, was discouraged and doomed to suffer until death would relieve him. Fortunately he heard of Mary A. Rose. He hastened to her. He is now free from asthma for years; enjoys work on his farm, gained 48 pounds in weight, eats, sleeps and breathes like other people. He is always pleased to praise the work that saved him from a life of misery, and restored him to health and happiness once again. Would you not feel likewise?

**RHEUMATISM**—Rev. John Miller, Mexico, Ind., suffered for forty-nine years, until he met Mary A. Rose.

Mt. Milo Gilkerson, Monticello, Ind., hobbled about on a cane for years, until he met the healer. He soon threw his cane away.

**ULCERATED LIMB**—Mr. F. C. Kohagen, farmer, Waverly, Iowa, suffered agony for years; his limb was raw black and blue, from knee to ankle and bones exposed in several places. Physicians at Des Moines hospital told him amputation of limb was necessary to save his life. Well, was it? We hardly think so; for almost immediately after meeting Mary A. Rose, Mr. Kohagen threw both canes away, slept sound and well, first time in months, and recovered completely. Now what do you think of that?

And did you notice that most cases are among people residing right near your own home, in the good old state of Indiana? Well, there are hundreds more, if you want them.

**JUST TWO THINGS TO BE CONSIDERED**

Mary A. Rose either Does or does not do all these wonderful things for suffering humanity. If she does, as is very evident, then is it not very reasonable to suppose, that she can also do the same for YOU? Most assuredly so. It could hardly be otherwise. Then why not meet her while she is near and while you yet have this grand opportunity? She may astonish and surprise you too. For no matter what your ailment be, or how many physicians or friends may have pronounced your case hopeless, do not despair, for you may be healed. And you will have no regrets to make later on.

**Does Not Want The Easy Cases. Is a Friend To The Poor and Afflicted. A Most Glorious Opportunity.**

Personal treatment from date, free. All that is asked for this valuable service, is that you will state results to your friends. This, after you have been relieved of your aches and pains; have the color restored to your cheeks; a sparkle in your eye; a smile on your lips; and joy in your heart. Come and be with us friends. For life is a struggle enough at best, without also being handicapped with some miserable disease. Consultation free, private and strictly confidential English and German spoken. **No medicine or instruments used.** Mary A. Rose says "I do not want the easy cases; let the doctors have those."

**MANY WILL COME**—As the morning of Mary A. Rose's visit dawns, large numbers of sick and ailing beings will be on their way to her as she welcomes them to come. They will come from all parts; from the city itself, and the country round about; they will be getting up early to come to the healer before the greater numbers arrive later in the day. They will come from far and near in carriages, automobiles, and trains, and many will come on foot; farmers and farm laborers, business men and clerks, from the highest to the lowest, whether rich or whether poor; they will hail from town and country, from village and hamlet for miles distant; they will put off everything and come to the healer while they may while she is near that it may be done for them what was done for so many others before them. None will be turned away.

Many canes, crutches, photos, testimonials, letters, etc., from former sufferers, will be on exhibition above date and place. Do not fail to see them. Call early. Farmers and those from a distance will receive first attention. Married ladies must be accompanied by their husbands; and married men by their wives; minors by BOTH parents. Hours 8 a. m. to 4 p. m., rain or shine.

Yours for health, happiness and success,  
**THE CHRISTIAN HEALTH INSTITUTE,**  
The Christian Health Society, Prop., Peru, Indiana.

## Says Health Is Good Again

This Indiana Man Gives Tanlac Credit For Change in His Condition

"I'm back in good health again now and I give Tanlac all the credit," said James Hude, 926 North Illinois street, Indianapolis.

"I used to be so nervous and restless that I never could sleep soundly at night. I'd just toss and roll about the bed and, of course, I got very little rest. The little sleep I did get didn't seem to rest me. When I got up in the mornings I felt tired and sometimes I got dizzy.

"My stomach was out of order, too. I often felt nauseated.

"Well, I read about Tanlac and finally tried it. The first bottle helped me. I soon saw I could sleep better and I started getting my rest like I should. After taking the second bottle the dizziness and the nauseated feeling left me.

"My health is good again now and I give Tanlac credit for it all."

If you are not feeling right get Tanlac today. Tanlac is designed especially to build up run down systems. You can get Tanlac at F. E. Walcott's Drug Store.—(Adv.)

Don't overlook to pay your telephone toll before Feb. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. G. SPIVEY, 276110 Secretary.

Will have 8 Big Type Poland gilts in Ida Ray Sale, February 7th, double immune, farrow in March. 276112

### New Rules For Bakers

All bakers using three barrels or more flour per month, hotels, restaurants and other eating houses which serve bread or bakery products of their own baking should have a federal license after today which binds them to an observance of the regulations just issued by the federal food administration. M. F. Lovett, federal food administrator for Rush county, is charged with the enforcement of the regulation. Up to this time small bakeries and eating houses were not required to have federal licenses.

Dr. Barnard was further notified that firms engaged in the business of importing or distributing green coffee must procure a food administration license.

The new baking rules state that beginning February 3rd bakers must use at least five per cent of wheat flour substitutes in all bread and rolls. This amount must be increased as rapidly as the substitutes are made where the bakers are unable to procure substitute flours until February 24th when the bread and rolls must contain at least twenty percent of wheat flour substitutes. Milk may be used by bakers, provided the bread made with milk is sold at the same price as that made without, and the presence of milk in its composition is not advertised as a means of stimulating its sale.

The name "Victory bread" will be permitted by the food administration when it contains a minimum of twenty percent substitute for wheat flour. All bakery products containing one-third of wheat flour substitutes may be sold for consumption on wheatless day, particularly in public eating houses. Housewives are expected by the food administration to follow the Home card directions.

### America, World Creditor

America's exports have again set a high record, having, according to the report of the departments of commerce, passed the \$6,000,000,000 mark in 1917. With imports of less than \$3,000,000,000 this leaves our balance of trade slightly more than \$3,000,000,000.

If there is an American who has heretofore doubted our ability to defeat Germany from a financial standpoint a sight at these figures should convince him of his error. The United States is the great creditor nation of the world today. The preparations that have been made

for the struggle have scarcely scratched the edge of our resources.

And the encouraging feature of the situation is, that the possessors of all this vast wealth are unstintingly placing it at the disposal of their country.

The power and might of America has decreed the doom of German autocracy and kaiserism, with all the atrocities they stand for.

The suggestion is made that the government let up on the prosecution of the "trusts" during the period of the war. And why not? We have declared a moratorium for all enlisted men. The "trusts" may not be giving their lives to the country, but they are giving their life blood—money, by the millions. Let's forget the old sores for the time being, and perhaps time and war will heal them.

"We wonder how the kaiser is going to make peace with God,"—Detroit Free Press. He fully expects, after he has conquered the earth, that God will sue for peace with him.

Fuel Administrator Garfield says the coal shortage was "largely psychological." We are glad to know it wasn't the dreadful reality the suffering poor imagined it.

"Forward with God," cries the miser. Which God—the God of the Christians or the war god of the Ioslen.

### Around the World

The trackless trolley has been a success in Bradford, England. Port Arthur (Tex.) Carpenters receive an increase in wages to \$6 a day.

It is estimated that the gross delivery expense of retail grocers in the country is over \$75,000,000 a year.

Federal bureau of labor statistics show that in the year from July 15, 1916, to July 15, 1917, food prices as a whole have advanced 32 per cent.

### History of Paraguay.

Paraguay has a rich history. Asuncion, the capital of Paraguay, is the oldest city on the Atlantic slope of South America. But even more significant than this, Asuncion was the colony of the new world to defy the doings of its foreign masters and elect its own governor. Here for the first time burned the fires of liberty on American soil, and here for the first time was poured out precious blood for the establishment of those principles for which so many have since died and which we all hold so dear. Twenty-five years before the Plymouth brethren landed at Plymouth Rock, the little colony in Paraguay had elected one of its own native-born Americans as governor, and had forced the king of Spain to recognize his authority and give him the royal support.

### Aridity and Crops.

In ancient civilization we find the people showed a preference for arid countries and there the soils were most fertile. Egypt, Palestine, Persia, Syria, oases in the Libyan and Sahara deserts, Arabia, on both sides of the Mediterranean; in fact everywhere aridity occurs is closely linked with the world's greatest and most valuable crops.

### LIVE STOCK CO. ON CASH BASIS

Changes in Policy of Rush County  
Mutual Live Stock Insurance  
Company Made at Meeting

IS NO LONGER A YEARLING

Enthusiastic Annual Gathering  
Shows Concern Is Now a Per-  
manent Organization

The Rush County Mutual Live Stock Insurance Company is no longer a "yearling," as it was termed at the annual meeting of the company held in the court room at the court house on Saturday afternoon, but a permanent and thriving organization judging from the enthusiastic number of farmers which crowded the room to discuss changes in the policy for 1918, the second year since the concern has been incorporated.

Jesse A. Leisure was unanimously re-elected president as were all of the other officers with J. F. Cross as vice-president; E. B. Lowden, secretary; John O. Hill, treasurer; adjuster of northern district, Clyde Henley of Carthage; adjuster of middle district, Will P. Jay; adjuster of southern district, William A. Mull. A. L. Gary was attorney for the meeting, presenting the amendments.

One year ago the first of February the organization was formed by a group of Rush county farmers for the purpose of aiding one another or any who might join later in case stock belonging to them was lost by accident or disease. Assessments made necessary during the year were GAL TWO CHANGES IN POLICY. to pay for the insurance granted to members in case of loss. The concern is run on a mutual basis. The membership dues are five dollars.

The most important change made in the policy for the coming year is that farmers will pay into the association on a percent, based on their stock. Complete lists of the stocks

that a farmer wants insured are to be handed to the secretary by February 15. The lists are to include the numbers, ages and value of stock. At any time during the year the list may be added to or taken from as the number of stock is changed. Stock from the stock yard or such a market center may not be insured until it is away from the center for thirty days, is in good health and has been listed and accepted by the company.

The age limit for stock which may be insured with the company was set from four weeks to eighteen years for horses and mules. In the case of adjusters who were unable to adjust a loss, the constitution was amended so that the adjuster might notify the secretary who might adjust the loss or procure someone to do so. The adjuster is to receive the sum of \$2.50 for each loss inside of the county, the owner is to pay him \$2.50 in addition.

Members of the association were given the privilege to notify the ad-

justers as well as the secretary within 48 hours after the death of an animal. A discussion over whether the owner should be allowed 5 or 12 hours to notify a licensed veterinarian of the animal's sickness if he received insurance in case of death ended in leaving the time five hours.

Instead of an annual assessment on the members, assessments shall be levied to meet expenses at the discretion of the board. The assessments shall be payable within 30 days from notice and the association will not be liable for any losses to members who fail to pay their dues during the period of delinquency.

It was voted to make an assessment to cover the deficit of \$1,400 in the running expenses this year. The delinquent payments would have made the amount but several of the members are going out and it was thought they should aid in meeting the year's expenses. It was voted also that an itemized list of

expenses should accompany notices of assessment.

The date of the annual meeting was changed from the first Saturday in February to the second Saturday of the month, the place to be chosen by the president.

### BAKER IS GOING TO EUROPE

War Department Head to Review  
Troops and Inspect Camps

(By United Press.)

Washington, Feb. 4—Secretary of War Baker will soon go to France on a tour of inspection. The exact date has not been definitely determined. He will not attend the allied conference nor will he remain in France for any extended period. At present his plans call for a general review of the Gen. Pershing force on the French front and an inspection of the entire war work to be done in France.

### DIGGING FOR COAL IN THE ASH HEAPS OF NEW YORK

Some idea of the scarcity of fuel in the East is gained from this photograph, showing poor people of the East Side of New York digging for coal in the city ash heaps on the site of the \$12,000,000 courthouse that is to be erected.

# Society

The regular meeting of the Woman's Relief corps will be held tomorrow afternoon with Mrs. Margaret Hoadley at her home in West First street. The hostess will be assisted by Mrs. Pearl Crim and as the afternoon will be spent sewing for the Red Cross each guest is asked to bring sewing materials.

The regular meeting of the Wide Awake Sunday school class of the St. Paul's Methodist church, taught by Miss Helen Seudder will be held tomorrow evening at the home of Miss Joan Weakley in North Jackson street. The meeting will be called at 7:30.

A clever Valentine social will be given at the Scanlon House on Wednesday evening at 7:30 o'clock by the Epworth League of the Methodist church. All friends and members of the League are invited. Appropriate entertainment will be furnished.

Honoring Mrs. Ray Westerman of Connersville formerly Miss Hazel Stoops of this city, the members of the Always Present class of the Main Street Christian will give a miscellaneous shower in the basement of the church Tuesday evening.

Mr. and Mrs. Walter Capp entertained at their home south of the city yesterday with a prettily appointed dinner party. The guests included Miss Nelle Baldwin, Miss Clorine Amos and Denning Havens.

Mrs. Dell Miles of Washington township will be hostess to the members of the Raleigh Study club at her home tomorrow afternoon. A literary program will be the feature of the afternoon's entertainment.

Mrs. Sarah Mull entertained at her home in Indianapolis this afternoon with an informal social after-

## NIGHTINGALE OF THE CAMPS

Miss Donna Easley, whose singing has cheered thousands of soldiers in National army and National Guard camps throughout the United States, has sailed for France to sing to the American soldiers in the trenches. Miss Easley is a coloratura soprano, and her singing so aroused the appreciation of the men that the name of the "nightingale of the army camps" was given her. She has covered the country from Cody in the West to Devens in the East, and she has toured the South, visiting practically every large camp. While at Kelley field, the aviation training ground near Fort Sam Houston, she was taken up in one of the new biplanes.

### Resharpening Files.

To resharpen files wash them in warm potash water to remove the dirt and grease, then wash in warm water, and dry by heat. Put one and a half pints of warm water in a wooden vessel, put in the files, and then add three ounces of blue vitrol finely powdered, and three ounces of borax. Mix well, and turn the files so that every one may come into contact with the mixture. Add ten and one-half ounces of sulphuric acid, and half an ounce of cider vinegar. Remove the files after a short time, dry, rub with olive oil, and wrap in porous paper. Coarse files should be kept in the mixture for a longer time than fine ones.

## Social Calendar

### Tuesday

Ladies Aid Society of the Christian church will be entertained in the afternoon with Mrs. Walter Duke, 731 North Harrison street.

Wide Awake Sunday school class of Methodist church with Miss Joan Weakley, North Jackson street, in the evening.

A Woman's Burdens

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve line which was discovered and used by an eminent physician for many years, in cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical time of life, in bearing-down sensations, periodical pains, ulceration, inflammation, and kindred ailments, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper. All druggists. Liquid or tablets. Tablets, 60 cents.

ELKHART, IND.—"After becoming a mother I could not gain back my strength. I was extremely nervous and became very weak; was in a general run-down condition and two bottles of Favorite Prescription built me up in good health, cured me of all nervousness, and my general health was better than it had been for some time. I can recommend Favorite Prescription."—Mrs. G. E. FIRMERMAN, 613 William Street.

FIRST PICTURE OF THE "RED GUARD"

The first photograph to arrive in this country of members of the bolshevik "Red Guard," about which much has been heard during the overturning of the provisional government.

FRENCH REGARD THE AMERICANS WITH AWE

Strangers From Across the Sea Are Viewed With Curiosity by the Native Frenchmen

LETTER FROM HAZEL BENNETT

"The French people, especially those who reside in the rural vicinities, view the Americans in constant awe," stated Miss Hazel Bennett who, with the Lilly base hospital unit, has arrived safely in France. "Despite the fact that France is overflowing with American soldiers as well as nurses the 'strangers from across the sea' have not ceased to stir the natives with curiosity whenever they meet."

"The country is beautiful," declared the writer enthusiastically. "We have not begun our duties yet so every morning we take long walks into the country where the scenery is superb. There we see many queer sights. The quaint little homes are inhabited by people who seem to be made especially for such surroundings."

Miss Bennett lived in this city before she entered nurses training in Indianapolis and made her home with Mr. and Mrs. Warder Wyatt.

Amusements

At the Princess this evening an intensely interesting story, "Shall We Forgive Her?" appears with June Elvidge and Arthur Ashley in the leading roles. The production is startling and absorbing from start to finish. There will be no show tomorrow and Wednesday, Bessie Barniscale appears in Harold McGrath's story, "Madam Who."

DUTCH SHIPS SAIL

The Hague, Feb. 4.—Negotiations between the United States and Holland over the relief of Dutch ships held in American waters has been satisfactorily concluded, it was announced today. The vessels are free to sail in accordance with the provisional arrangements.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. druggists.

MEN IN SERVICE TO BE INDEXED AT LIBRARY

Committee Appointed by Council of Defense at Work in Completing Soldiers Records

WILL BE KEPT UP-TO-DATE

Before many weeks a complete card index of Rush county's young men in the service will be on record at the public library. The committee appointed by the County Council of Defense is completing the collecting of information now concerning the soldiers and sailors from this county. In order to have the records accurate, they have passed out slips to persons knowing the soldiers and sailors records to be properly filled. The committee at work is composed of Miss Mary Sleeth, Will Meredith, and Bert Conde who is succeeding Harvey Allen, originally appointed on the committee.

The index when finished will be in a cabinet in the library. Two cards will be arranged in alphabetical order for each man in the service. The first card, a white one, will give his name, parents' name, address, date and place of birth, occupation, date of enlistment and place, arm of service, rank, and whether married or single. The yellow card will give his record while in service, any transfers and promotions he may receive. The index will be permanent and will be kept up-to-date until the culmination of the war.

TREATY MUST REST ON CHRIST'S WORD

Continued From Page 1

chance. The story of Henry Ford whose millions have been made by giving a dismissed convict a chance and who has a standing order in the Michigan jails to send to him men who want work was told.

"This man," he continued, "has worked out the golden rule of 'Whosoever ye would that men should do unto them you do ye even so unto them.' A year ago he was the butt of newspaper wit for taking an apparently fruitless journey to settle the war and bring peace but historians will record him as the American who released his money willingly to endeavor to stop the struggle while other millionaires were coming gold from their brother's blood."

"Christianity rests today not only in the personal life but in all of these phases of civic and national life and organization and in the practising of Christ's teachings in all of them," the speaker said. "If you are not a Christian where you are you could not be one any place."

LT. GARTIN OUT OF DANGER

Word was received from Camp Taylor, Louisville, today to the effect that Lieut. Walter Gartin who has been critically ill with pneumonia is greatly improved. Mrs. James Gartin has written that his condition has improved to such an extent during the past two days that the physicians believe he has passed the danger mark and is on the road to recovery.

**A Purposeful Formula**

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

## PASTOR COMMENTS ON FUEL SITUATION

F. M. Westhafer of Arlington M. E. Congregation Says Churches Are Loyal But Get No Coal

**MAKES REPLY TO J. D. OLIVER**

**Answering Plea For Thrift Day Sermon, Says Government Doesn't Mean What It Says**

Replying to J. D. Oliver of South Bend, war savings director for Indiana, the Rev. F. M. Westhafer, pastor of the Arlington M. E. church, says that the churches are loyal and ministers meet every request, but that they are not allowed coal on the theory they are non-essential. He cites the fact that his church has not held a service for a month for the lack of fuel. The minister, answering a request for a Thrift day sermon Sunday, wrote as follows:

My Dear Sir:—Many thanks for your compliments to ministers of the Gospel, as to their loyalty. I think your statement is true of ministers in general. Yours is similar to all expressions coming from government officials requesting our assistance. We would be only too glad to preach on the subject you suggest, on February 3rd, if the government really meant what it says about us and would allow dealers to sell coal to our churches. We have not held a public service for a month because the orders are that churches are not to have coal. The dealers say, "We are not allowed to sell coal to churches—non essentials."

The Kaiser said to his chaplain, (so reported,) "You must cut your Sunday services down to fifteen minutes, and if you cannot do so, I shall find a man who can." Materialism, seed bed of militarism, savage barbarity.

With a son in the 152nd Infantry, now on the rifle range at Hattiesburg, Mississippi, and another ready to go, ready to go myself when the government can use a man of my age; one of the posterity of Valentine Westhafer, who was one of the exodus of Protestants from the Palatinate, 1732, because of persecution; his son my great grandfather, a soldier in Washington's army. I am not the man wanting to criticize. But I am a minister of the Gospel, and God says, "We shall keep my Sabbath." "Make it a day of holy convocation." When our government prevents us from doing so it is sinning at the wrong end. It is "stopping up the spigot and letting it run out of the bung-hole." It is only so the world is concerned. Materialistic economy. As Germany, Belgium, England, France, Austria, in fact all countries of Europe are now reaping what they have long been sowing in Sabbath desecration, so will we reap what we sow. The churches are loyal to the government. But we must be loyal to God's command also. If you as one of the agents of the government have influence enough to help the government to see its need of obedience to God, please do so and oblige a large part of its citizens who are becoming impatient at this drifting toward paganism.

## ENCOUNTERS STORM ON WAY TO FRANCE

Earl Gregory, 54th Aero Squadron, Describes Peril at Sea in Letters Received Here

**WAVES HIGH AS MOUNTAINS**

Five letters have been received in the last few days by relatives from Earl Gregory, 54th aero squadron, who is in France, in which he describes the storm the transport he was on encountered on the way over. He was sixteen days crossing. The storm raged two days when the waves, according to his description were "as high as mountains." Young Gregory says even the crew of the transport was frightened, that the men were kept off the deck and that the ship's dishes were broken, making it necessary for the recruits to eat out of their mess kits.

Young Gregory says his unit is living in wooden barracks, has stoves and electric lights, and that the coldest the weather had been up to January 6, when the last letter was written, was zero, with an inch of snow on the ground. He writes that he has been busy all the time, but that only an hour a day is occupied with drilling. Young Gregory declares that the Y. M. C. A. and the Red Cross are half of a soldier's life. It was just three months from the time he enlisted until he sighted the French coast from the deck of a transport. The boy asks that all of his friends write him because he gets lonesome for news from home. Three of the letters were received by his mother, Mrs. Lizzie Gregory, one by his uncle, W. H. Gregory, and another by his aunt, Mrs. John E. Larimore.

## MANY CLAIMS BUT ON ISSUE DOCKET

**Time For Allowing or Disallowing Them Passes and They Will be Settled in Court**

**LARGEST ONE IS FOR \$1,668.50**

Several claims against estates have been placed on the entry docket ready for hearing in circuit court because the time for allowing or disallowing them has passed. They are: V. C. Bodine against the estate of Mary Ann Folger for \$3.75; S. C. Kirkpatrick against the estate of Thomas W. Felts for \$7.78; Frank A. Green against the estate of Teddie C. Felts for \$9.

There are three claims against the estate of Cassie Ann Jefferson. One was filed by Edward D. Lewis for \$152, another by W. R. Johnson for \$6 and the third one by Greensburg Watson.

The largest claim of the lot is that of Katie Manning against the estate of Martha E. Downey for \$1,668.50. John F. Joyce has a claim against the estate of Harry Sweet for \$25 and D. D. VanOsdel against the estate of Edward Bell for \$70.50.

## CALL IS MADE FOR MORE SHIPBUILDERS

**Men in Trades May Enter Public Service Reserve and Answer Country's Call Now**

**CARPENTERS ARE NEEDED**

"If you can use tools, you are needed," read the posters being put up for the United States Public Service Reserve by the department of Labor. The special plea for enlistments now is for men who can work as shipbuilders. Men capable in a number of trades may be used as shipbuilders and are asked to enroll that they may be called when needed.

Men in the following trades can be used as shipbuilders: acetylene and electrical welders, asbestos workers, blacksmiths, boiler makers, carpenters, chippers and calkers, electrical workers, foundry workers, laborers, loftsmen, machinists and machine hands, painters, plumbers and pipe fitters, sheet-metal workers and copper-smiths, ship fitters, structural-iron workers, and cementers. A. L. Stewart is the local enrolling agent for these men.

## THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Rushville residents recommend Doan's Kidney Pills. Read this Rushville statement.

Mrs. Joseph S. Endicott, 125 S. Harrison St., says: "Sometimes I overdid at my housework or took cold and it was at just at such times as that, I had trouble with my back. My back would get so lame I was miserable and everything in the way of work wore me out. When stooping, sharp catches would seize me across the small of my back. Doan's Kidney Pills, which I got at PITMAN & WILSON's Drug Store never failed to cure me of those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott had. Foster-McBurn Co., Mfgs., Buffalo, N. Y. (Adv.)

## BRAKES ARE BETTER THAN ITS POWER

War Department is Attacked by  
Senator Hitchcock in Scathing  
Denunciation Today

HAS FALLEN DOWN, HE SAYS

Attack Made in Face of Personal  
Request of President for Less  
Discussion of Bill

FOR SPECIAL WAR CABINET

Charges Secretary Baker's Efforts  
to Correct Defects in Depart-  
ment Will be Futile

(By United Press.)

Washington, Feb. 4.—Declaring that the war department is "better equipped with brakes than with motive power," Senator Hitchcock, Nebraska, today delivered an attack in the senate.

His attack came in the face of personal demands by President Wilson for less discussion of the war cabinet bill and more action on vital legislation. It marked the opening of a spirited discussion in the senate and the house over the Chamberlain measures.

Hitchcock charged that: The war department has fallen down in its important functions.

Secretary Baker's efforts to correct defects in his department would be futile.

The transportation system has fallen down and is a gigantic trust.

There is no port to co-ordinate transportation across the Atlantic.

Efforts to move food for our allies and ourselves have miscarried.

The Nebraska senator asserted that this situation was due to the failure to make the various departments work together and co-ordinate their efforts.

Hitchcock declared the military affairs committee acted "considering the revelation made at its investigation, and decided it will serve no purpose to make scapegoats of a few individuals."

## ONLY \$50 SEPARATE THE TWO ESTIMATES

Bids Received on John G. Beale  
Road But None on Smullen High-  
way—Posey Road Ordered

BOARD APPOINTS VIEWERS

The county commissioners at the February meeting today ordered construction of the Posey road in Posey township and appointed viewers, and late this afternoon were deliberating over two bids received for the construction of the John G. Beale road in Rushville township. The Smullen road in Washington township was also advertised for today, but no bids were received. The road will be readvertised.

Two bids were received on the Beale road and there was only \$50 between the two contractors, Nainhart and Kirkpatrick and Hooker. One bid was \$17,550 and the other \$17,600.

Harry Gosnell and Jesse Trowbridge were appointed viewers for the Posey road.

A ten pound boy was born to the wife of Ralph Waggoner this morning. Ralph Waggoner is a member of the 189th field artillery stationed at Camp Shelby, Hattiesburg, Miss.

Lowell Stevens, the ten months old son of Mr. and Mrs. Harry L. Stevens of Orange, died at the home of his parents last night following an illness from pneumonia.

## LAST CASE OF DIPHTHERIA

Disease Disappears When Harry  
Kennedy is Released

A negative report has been returned on the culture of Harry Kennedy who has been quarantined with diphtheria. Mr. Kennedy's case is the last to be released from quarantine and the diphtheria situation has entirely cleared up. Nothing new has developed in the smallpox situation and the health board believes there is very little danger of its spreading. All of the homes where washings had been taken in, near the home where the disease broke out, were fumigated and the clothes were fumigated so danger from that source has been avoided.

## IS SWAMPED WITH REQUESTS FOR AID

Income Tax Man Appealed to by  
Farmers, Many of Whom do  
Not Bring Proper Data

HAVE TO MAKE SECOND TRIP

Urged to Bring Itemized Statement  
of Expenditures and Receipts  
—New Blank to Fill Out

Harry P. Euler, income tax inspector at the postoffice, was swamped Saturday with appeals from farmers for assistance in filling out their income tax blanks, but the majority of them had to be sent home for the proper data. Mr. Euler announced today that if farmers would bring with them when they call on him, an itemized statement of their expenditures and receipts for the year, he could fill out any blank in five minutes. He urges farmers to be sure and have the figures before they call, so they will be saved the inconvenience of making another trip.

The government has a person going and coming. There is no way to escape the income tax. The government will have a check on every individual receiving as much as \$800 a year salary, even though single men making up to \$1,000 a year and married men making up to \$2,000 a year are not required to fill out the blanks because they are allowed exemptions of these sums.

One section of the war income tax law, exhaustively comprehensive in scope, requires every person, without exception, and every corporation, partnership, association, and insurance company, in whatever capacity acting, who paid \$800 or more to another person, corporation, partnership, association, or insurance company, as interest, rent, salaries, wages, premiums, annuities, compensation, remuneration, emoluments, or other fixed or determinable gains, profits, and income, to report the name and address of the person, corporation, etc., to whom the payment was made, together with the amount of the payment, to the Commissioner of Internal Revenue at Washington, using a form prescribed for the purpose—Form 1099, now to be had from all collectors of taxes. The forms must be filled out and returned on or before March 1, 1918, accompanied by Form 1090, which is a letter of transmittal and affidavit certifying the accuracy of Form 1099. The postmaster, banks and Mr. Euler has a supply of these forms.

Thus it will be seen that the government has a check on every person receiving more than \$800. In case it should appear that any man reported receiving more than \$800 a year does not fill out an income tax blank and it is suspected that he comes within the scope of the law, the government will make an investigation.

Helen Edwards, daughter of Mr. and Mrs. Ray Edwards, is ill and is in this city.

## THRIFT SALES GO OVER \$4,000 MARK FOR MERCURY DROP

County Report on Stamps and War  
Certificates For January Shows  
\$4,167.37 Sold

TWO DAYS AT MANILLA \$1,293

Rushville Postoffice Sells During  
Month \$2,572 Worth—Far Above  
Any Expectations

Rush county celebrated Thrift Day in a very substantial manner with a report coming in from Postmaster G. P. Hunt, that January's sale of Thrift stamps mounted to \$4,167.37, going \$1,584.58 over the sales of December, which was considered a remarkable month with \$2,582.79 realized from the Thrift stamps and war certificates.

The stamps amounting to \$4,167.37 were sold at the postoffice alone and the receipts will climb higher with the reports from the banks that have had the stamps on sale, and the Pennsylvania station where they may also be purchased.

The Rushville postoffice sold during January \$2,572.66 worth of stamps practically as many stamps as the entire county did during the previous month. Manilla holds the record for the postoffices with the exception of the local one with a report that \$900.57 worth of the stamps were sold and the exceptional news that during the first two days of February stamps to the amount of \$1,239 had been sold. All of the towns over the county with the exception of Rushville totalled \$1,594.71 on their sales.

The observance of the day in the churches, schools and Sunday schools will no doubt have a noticeable effect on the increase of sales in the near future also. On yesterday which is really the date set for Thrift day, the pastors made short talks at church and Sunday school services, explaining the value of stamps and the manner in which they could be bought. Similar talks were made in the schools today urging the pupils to loan their money to the government in this way.

The standing of the towns in the county with the proceeds that the postoffices have received from the stamps and war certificates are as follows:

Larlington	\$ 25.10
Carthage	269.07
Glenwood	177.19
Homer	4.12
Manilla	900.57
Milroy	102.78

## COUNTY PREPARED FOR MERCURY DROP

Has Surplus of Coal as Temperature  
Goes to Ten Below Zero Early  
Today

WARMER WEATHER INDICATED

Third Heatless Monday—Probably  
The Last—Is Observed—Food  
Stores Open All Day

Rushville was fixed for the drop in temperature which sent the mercury to ten degrees below zero last night, because there was still coal here, although none arrived today. Conditions in the small towns of the county were fair, with no serious shortage of fuel any place.

Towns of the county observed the third heatless Monday—and probably the last—today, the same restrictions being in effect as last Monday with the exception that food establishments were governed by local fuel orders instead of being compelled to close at noon as last week.

M. P. Lovett, federal food administrator for the county, was advised by the federal food administrator for the state, this morning, that stores handling food may be operated without reference to the heatless day regulations of the national fuel administration, except that they were not expected to sell tobacco and other non-essentials. Food stores remained open all day the first heatless Monday, closed at noon the second and now they are back at the old regulations.

John F. Kruse, still has a small surplus of coal left over from the five years he received last Thursday and Friday and Will Trennepohl was unloading today the car of eastern coal he received Saturday at noon.

The county fuel administrator requested fifteen cars of coal for the county this week, but it is doubtful because only five cars were ordered for the county last week.

As the result of the drop in temperature yesterday and last night little doubt remained in the minds of Rush county people, but that the ground hog saw his shadow on Saturday.

The temperature dropped steadily from Saturday night when the highest temperature recorded was twenty-nine above, according to Elwood Kirkwood, county weather observer. At six-thirty yesterday evening the mercury stood at 12 above and at sunrise this morning, shortly after seven o'clock the temperature had fallen to ten below. In two hours,

## TO STRIKE AT HIGH PRICE

Government Bill Asks Power to Fix  
Schedule for Necessities

(By United Press.)

Washington, Feb. 4.—The government plans to strike directly at high retail prices if congress will pass the drastic food bill soon to be introduced in congress. Following the publication of labor bureau statistics showing living costs from 50 to 75 per cent higher than when the war broke out, government plans were in the new administration bill which asks for powers to fix prices on the products deemed necessary. It promises direct relief to the farmers complaining that fixing prices on wheat has brought injustice in that order.

## TREATY MUST REST ON CHRIST'S WORD

Dr. F. D. Burnham Says Peace Will  
Reign When Conflict is Settled  
on Teachings of Bible

UNION SERVICES ARE HELD

Need to Take Heed, He Declares, of  
Personal Life, When Individual  
Counts for So Little

"Peace will reign when the treaty of this great conflict is based on the teaching of Jesus Christ. The lesson of this permanent and lasting peace will be costly but out of it will come a day of blessing when the world will have been made a safe place for children to grow up in freedom and in teachings of God," stated Dr. Frederick D. Burnham of Cincinnati, president of the American Christian Home Missionary society, in his powerful address on "The World Program of Jesus" at the union meeting held in the First Baptist church last evening.

The speaker took for his text the 17th verse of the 3rd chapter of 2nd Peter. "Ye therefore beloved knowing these things beforehand beware lest being carried away with the error of the wicked, ye fall from your own steadfastness. There was an excellent attendance at the meeting, numbering 347. Music was played by the Christian Sunday school orchestra and Miss Kathryn Wooden and Miss Kathryn Giffin sang a beautiful duet.

Dr. Burnham in a very interesting and practical way traced Christ's program of the world in the home, in business, in civic life, in national life and in the international conflict.

"There never was a time when the individual counted for so little as today and when we see that between five and ten million have perished in this struggle there is a temptation, while thinking in these colossal terms, to minimize one's own importance. The warning in this scripture is to take heed for one's personal life. Every one should take heed and make his supreme concern how he is living," the speaker said.

"There never was a time when men were in so much danger of not calling on God. Our hope of a better world rests not on our army and navy but on Jesus Christ. Don't think I am not believing that our boys have gone in the holiest cause but they have gone to help stop the onrush of a nation which deals with force and while dealing in terms of force we are liable to forget that Christ's principles are those which will save his kingdom," the speaker continued.

"What do I mean by bringing his principles into every day life?" the speaker answered the question by telling of the experience of Judge Ben Lindsey who by his practicing the principles of Jesus, the little children came unto him and he has made the parents court a place where the parents can come and be instructed in the principles of Jesus and how to bring them into their homes."

## CALLS OUT PART OF FIRST DRAFT QUOTA

Provost Marshal Orders Part of Re-  
maining 35 Per Cent to Camp  
—None From Indiana

MEN ARE EXAMINED TODAY

Could Not be Notified in Time—Re-  
jected Men Subject to Test  
Under New Rules

Washington, Feb. 4.—Another large detachment of drafted Americans—74,500 men—will start into war training camps Feb. 23. This will leave 72,500 more in the first draft to be called later, Provost Marshal General Crowder announced today.

The date of calling out the remaining 72,500 has not yet been determined.

Indiana's men are not included in the orders.

The local army selection board had no instructions on the final call yet today because the statement was just issued by the provost marshal in Washington this morning, but it is expected they will be forthcoming in a few days. It is supposed the last half of the 35 percent, which will include Indiana men, will be called soon.

The sixty-five percent of the first quota was called out last September and October, but taking into account discharges because of physical unfitness, Rush county now has only forty men at Camp Taylor, Ky. The county's quota was sixty-six which means that the county has twenty-two men to send to camp. Whether they will be sent all in one group or in given percentages, as was done with the first sixty-five percent is not known, but it is presumed the call will be on the same basis as the first.

Although the army board received this morning the instructions contained in dispatches Saturday that further examination of registrants should be postponed until the new regulations governing the examinations arrived, the physician member of the board examined the men called in today because they could not be notified in time and all appeared ready for examination.

An effort was to be made today by the board to reach men called for examination tomorrow. All who can not be notified by telephone will be examined tomorrow when they appear. All men accepted, of course, are not affected by the less stringent regulations, but all rejected under present regulations were notified today and will be tomorrow that they will be subject to another examination under the new regulations.

## SEFTON M'HUGH IS PLACED ON TRIAL

Harry King, Alleged Accomplice in  
Robbery at Gross Home Will  
Testify For State

NO JURY YET AT 3:30 TODAY

Sefton M'Hugh, accused of stealing \$185 from the home of Isaac Gross northeast of Maesy Saturday Jan. 19, went on trial at the opening of the February term of circuit court today and this afternoon at 2:30 o'clock no jury and yet no jury selected. Attorneys on both sides hoped to get a jury before court adjourned for the day.

Harry King, alleged accomplice of M'Hugh, who pleaded guilty to the same charge and was to testify for the state, was not present today. M'Hugh's attorney, J. W. McFarland, and King's attorney, J. W. McFarland, both attorneys at Maesy, were present today.

# CLARKSBURG BUDGET EDITOR SUCCEUMBS

Clifford McCracken, Although Crippled, Made Success of Paper—Pneumonia is Fatal

## FUNERAL TUESDAY AT 10 A. M.

Clifford McCracken, 28, editor of the Clarksburg Budget, died at noon yesterday after an illness of several days. An attack of gripe was followed by double pneumonia, which was the cause of death. For several years the deceased had been crippled but despite this handicap, worked untiringly and succeeded in making a success of the paper he edited.

He is survived by two sisters, Miss Alpha McCracken and Miss Dell McCracken with whom he made his home. His parents having died a few years ago. The funeral services will be conducted tomorrow morning at ten o'clock, with burial in the Spring Hill cemetery. The Rev. C. C. Wilson, pastor of the Christian church of Clarksburg will have charge of the services which will be conducted at the church.

# FOOD PRODUCTION SURVEY STARTS TODAY

Farmers Begin Work Listing Seed, Men Who Want Employment and Farmers Who Want Help

## LISTS WILL ALL BE POSTED

Simultaneously over all of Rush county this morning farmers started on the food production survey which is expected to show great results in the county's crops for the coming year. District workers appointed by the township leaders began canvassing every house in their district of two square miles and obtaining the information on the survey cards from the farmers. The question of seed corn, other seed and farm help will all be partially met by the results of the survey, which is a statewide affair. The results obtained from the survey cards, showing how much seed corn a farmer has and how much he needs, will be posted in prominent places over the county so that the lists may be consulted and used by men who wish to buy or dispose of seed corn or other seed. Marion Dietrick, county emergency agent went to Washington and Posey townships to explain the survey as men from these townships were unable to attend the meeting where the details of the survey were explained.

# VINOL MAKES CHILDREN STRONG

## And Invigorates Old People

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.  
 Iron, Cod Liver and Beef Peptonates, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Phosphates, Casein.  
 Those who have puny, ailing or run-down children or aged parents may prove this at our expense. Besides the good it does children and the aged there is nothing like Vinol to restore strength and vitality to weak, nervous women and overworked, run-down men. Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. Millions of people have been convinced this way.

F. B. JOHNSON & CO., Druggists, Rushville, Ind., at the best drug store in every town and city in the country.

## NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY. In the Rush Circuit Court February Term, 1918. Lantz, J. W. vs. David Lantz et al. Complaint No. 1231. Now comes the plaintiff, by Douglas Morris, his attorney, and files their amended complaint herein together with an affidavit of Douglas Morris, that said defendants, Lantz, Kirk, Francis, Cora, May, Ralph, Jennie, Della, Theodosia, John, William H. ## FORMER TEACHER DIES

Edward Woods, a former teacher in the Posey township schools, died this afternoon at his home in Arlington following an illness of four years. Tuberculosis was the cause of death. He is survived by his widow and two children.

The regular meeting of the Knights of Pythias which was to be held this evening has been postponed.

# Mathematics a Powerful Factor in Our Material and Economic Progress

Whatever may be said of mathematics as a "whetstone of the wits" or as a mental discipline, the fact remains that the chief vitalizing factor of the subject is found in its practical uses. Historically speaking, observes S. L. Macdonald of the Colorado Agricultural college, much of our advanced mathematics, as well as most of our elementary mathematics, sprang as a necessity out of very practical conditions. It has been remarked that "man measures and conquers," and industriously speaking we may safely affirm that man's conquest depends very largely upon his ability to measure accurately. This task of measurement may be a problem in arithmetic, as the measurement of an excavation in terms of cubic yards or human hands or horse power or money, or the measurement may involve a more advanced knowledge, as the measurement of the length of an elliptical curve, or of a cable swinging freely between two supports, Brooklyn bridge for example. And let it be emphasized that this measurement is not complete until it is expressed in terms of known units that would be useful in a builder's bid or contract. So mathematics, more than we realize, is a powerful factor in our material and economic progress.

# Municipal Forests Being Established in Maryland

In Maryland municipal forests are being established with professional aid from the state. In other eastern states, towns and cities are acquiring small municipal forests to serve for watershed protection or for recreation. The times seem fast approaching, notes a writer, when cities and counties as well as states and the federal government will very generally establish public forests for the growing of timber and for providing employment and utilizing land unfit for agriculture. Forestry involves so long a time in maturing the crop that while reasonably profitable, private funds or individuals are not often attracted. Forestry seems destined to remain largely a governmental institution, although under special conditions and in certain sections of the country private funds are being profitably employed in growing timber.

## Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of John W. Ayres, deceased, to file in the Rush Circuit Court, Rush County, Indiana, their claims against the estate of said deceased, on or before the 15th day of March, 1918. All claims must be supported by a sworn affidavit of the claimant, and the same will be paid only if the same are found to be justly due and payable by the estate of said deceased. The undersigned, J. R. Webb, Clerk of the Rush Circuit Court, Rush County, Indiana, is the person to whom all claims should be presented.

### The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS, Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine than Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

F. B. Johnson.

### MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your back hurts or bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but finish your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys, and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

—Mr. and Mrs. Allen George Messick left for their home in Marion today after a short visit with Mrs. Emma Craig and Miss Belle Gregg of this city.

—Miss Lucile Gray has returned to Bloomington where she is in school after spending the mid-semester with Mr. and Mrs. Morton Gray east of the city.

—Dwight VanOsdol left this afternoon for Indiana university at Bloomington to resume his studies after spending a vacation with his parents, Dr. and Mrs. D. D. VanOsdol.

—Miss Ruth Innis has returned to Bloomington, where she is attending Indiana university after spending a week in this city the guest of her parents, Mr. and Mrs. Robert Innis.

—Miss Helen Frazee has returned to Oxford, Ohio, where she is attending Western college, after spending the week-end in this city the guest of her parents, Mr. and Mrs. Charles Frazee.

# COMING!

One Day Only — Rain or Shine, at Hotel Scanlan, Rushville, Thursday, February 7.

Noted Healer's Work Is Wonderful — Her Work Is Largely a Labor of Love. TREATMENT FREE

One of the many remarkable features about Mary A. Rose, the noted Peru healer, is the extraordinary amount of attention she attracts everywhere she appears. The crowds that flocked to her at Kokomo, Frankfort, Lafayette, Ft. Wayne, and scores of other Indiana cities, with eager, anxious sufferers, all with ailments of one sort or another, were so large that the hotels would often wish to close the doors. None were turned away, however, whether rich or poor.

This Helpless Invalid Was To Be Operated Upon Monday, But Actually Cooks Family Dinner Instead.

MARY A. ROSE SURELY DOES GOOD WORK

Mrs. Forrest Thomas, R. F. D. 4, Greentown, Ind., had been bedfast for eleven months, two weeks of which was in hard convulsions. She suffered with nineteen internal growths, to such an extent that she often prayed to God to let her die and end it all. Five different times she was taken to hospitals at Kokomo and Indianapolis where X-ray, and the most skilled physicians and nurses failed to help her. More than \$900.00 had already been spent in vain. Another operation, at an additional expense of \$250.00 had been arranged, for the following Monday. In the meantime, however, like an angel of mercy, a message reached this unfortunate child of God, announcing the coming of Mary A. Rose, the noted healer, to the Francis hotel Kokomo, Friday. Mrs. Thomas was carried into the hotel, to Mary A. Rose. Three days later, the following Monday, instead of going through that terrible ordeal of surgical operation, as had been arranged for, Mrs. Thomas was actually on her feet, and cooking a fine dinner for a now rejoicing husband and children. The following harvest season she drove the mowing-machine, walked many miles to town, gained twenty pounds in weight, and has recovered completely. More than two years later, Mrs. Thomas writes and says: "I want all sufferers to write to me, for I want to tell them who saved me from a life of suffering and early death. I owe my life to Mary A. Rose; God bless her." Mr. Thomas, husband of above named lady, was also restored from rheumatism, so painful that he could not even turn in bed. Surely this family has good reason to be happy.

**EPILEPSY—FITS**—Son of Mr. and Mrs. E. P. Paul, Undertaker, Pyrmont, Ind., had from twenty-five to a hundred spasms a day. He could no more walk, talk, feed himself, and his mind a total blank. Five physicians met in council, but they finally concluded the child was doomed for life. One of the physicians, turning to the now heart-broken mother, said: "Mrs. Paul, the only hope we can give you is for you to pray for the boy's death; it will be a blessing to him, and may save your own life." But a mother's love for her child (the most beautiful, and the most wonderful thing in this world) would not forsake her offspring; and rightly so, for Mary A. Rose, who has brought sunshine and happiness into many a dark, desolate home, rescued this child from the most horrible disease known to man, and made glad the hearts of two more proud parents.

Now after almost two years, the parents write and say, that the child has had no more spasms, is sound and well, and as fine a boy as ever attended school.

**BLINDNESS**—Mrs. Wm. Witt, R. F. D. 1, Auburn, Ind., was almost totally blind for years; her husband was to be operated on for Appendicitis. Both were healed and remain so, for about three years, according to letter just received from them.

**PARALYSIS**—Mr. Chas. Altman, R. F. D., Peru, Ind., age 63, stricken for two years, unable to work, was restored three years ago; worked in his own field same year, went with threshing machine, and cut corn all fall. He threw the old cane away.

A three year-old child of Mr. and Mrs. George Porter Bringham, Ind., had never walked, had spasms, and was not expected to live. The child now romps and plays like other children, and of course, the parents are happy.

**ASTHMA**—Mr. L. A. Campbell, farmer, Greentown, Ind., suffered the tortures of asthma for years; he spent a fortune on doctors, medicines, and travel over various states, seeking relief. He could not work, nor lie down for a whole year. He lost much weight, was discouraged and doomed to suffer until death would relieve him. Fortunately he heard of Mary A. Rose. He listened to her. He is now free from asthma for years; enjoys work on his farm, gained 48 pounds in weight, eats, sleeps and breathes like other people. He is always pleased to praise the work that saved him from a life of misery, and restored him to health and happiness once again. Would you not feel likewise?

**RHEUMATISM**—Rev. John Miller, Mexico, Ind., suffered for forty-nine years until he met Mary A. Rose.

Mr. Milo Silkeston, Monticello, Ind., hobbled about on a cane for years, until he met the healer. He soon threw his cane away.

**ULCERATED LIMB**—Mr. F. C. Kohagen, farmer, Waverly, Iowa, suffered agony for years; his limb was raw, black and blue, from knee to ankle and bones exposed in several places. Physicians at Des Moines hospital told him amputation of limb was necessary to save his life. Well, was it? We hardly think so, for almost immediately after meeting Mary A. Rose, Mr. Kohagen threw both canes away, slept sound and well, at times in months, and recovered completely. Now what do you think of that?

And did you notice that most cases are among people residing right near your own home, in the good old state of Indiana? Well, there are hundreds more, if you want them.

**JUST TWO THINGS TO BE CONSIDERED**  
Mary A. Rose either Does or does not do all these wonderful things for suffering humanity. If she does, as is very evident, then is it not very reasonable to suppose, that she can also do the same for YOU? Most assuredly so. It could hardly be otherwise. Then why not meet her while she is near and while you yet have this grand opportunity? She may astonish and surprise you too. For no matter what your ailment be, or how many physicians or friends may have pronounced your case hopeless, do not despair, for you may be healed. And you will have no regrets to make later on.

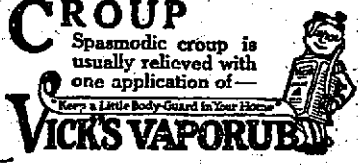

**Does Not Want The Easy Cases. Is a Friend To The Poor and Afflicted. A Most Glorious Opportunity**

Personal treatment from date free. All that is asked for this valuable service, is that you will state results to your friends. This, after you have been relieved of your aches and pains; have the color restored to your cheeks; a sparkle in your eye; a smile on your lips; and joy in your heart. Come and be with us friends. For life is a struggle enough at best, without also being handicapped with some miserable disease. Consultation free, private and strictly confidential. English and German spoken. No medicine or instruments used. Mary A. Rose says "I do not want the easy cases; let the doctors have those!"

**MANY WILL COME**—At the morning of Mary A. Rose's visit, a large number of sick and ailing beings will be on their way to her, as she welcomes them to come. They will come from all parts, from the city, the self, and the country round about. They will be coming up early to come to the healer before the greater numbers arrive later in the day. They will come from far and near in carriages, automobiles, and trains, and many will come on foot; farmers and farm laborers, business men and clerks, from the highest to the lowest, whether rich or whether poor, they will come from town and country, from village and hamlet for miles distant. They will put off everything and come to the healer while they may, while she is here, that it may be done for them what was done for so many others before them. None will be turned away.

Many cases, crutches, pillows, testimonials, letters, etc., from former sufferers, will be on exhibition above date and place. Do not fail to come. Call early. Farmers and those from a distance will receive first attention. Married ladies must be accompanied by their husbands, and married men by their wives, minors by BOTH parents. Hours 8 A. M. to 4 P. M. and 6 P. M. to 9 P. M.

Hours for health, happiness, and success.

## Says Health Is Good Again

This Indiana Man Gives Tanlac Credit For Change in His Condition

"I'm back in good health again now and I give Tanlac all the credit," said James Hude, 926 North Illinois street, Indianapolis.

"I used to be so nervous and restless that I never could sleep soundly at night. I'd just toss and roll about the bed and, of course, I got very little rest. The little sleep I did get didn't seem to rest me. When I got up in the mornings I felt tired and sometimes I got dizzy.

"My stomach was out of order, too. I often felt nauseated.

"Well, I read about Tanlac and finally tried it. The first bottle helped me. I soon saw I could sleep better and I started getting my rest like I should. After taking the second bottle the dizziness and the nauseated feeling left me.

"My health is good again now and I give Tanlac credit for it all."

If you are not feeling right get Tanlac today. Tanlac is designed especially to build up run down systems. You can get Tanlac at F. E. Wolcott's Drug Store.—(Adv.)

### New Rules For Bakers

All bakers using three barrels or more flour per month, hotels, restaurants and other eating houses which serve bread or bakery products of their own baking should have a federal license after today which binds them to an observance of the regulations just issued by the federal food administration. M. F. Lovett, federal food administrator for Rush county, is charged with the enforcement of the regulation. Up to this time small bakeries and eating houses were not required to have federal licenses.

Dr. Barnard was further notified that firms engaged in the business of importing or distributing green coffee must procure a food administration license.

The new baking rules state that beginning February 3rd bakers must use at least five per cent of wheat flour substitutes in all breads and rolls. This amount must be increased as rapidly as the substitutes are made where the bakers are unable to procure substitute flours until February 24th when the bread and rolls must contain at least twenty percent of wheat flour substitutes. Milk may be used by bakers, provided the bread made with milk is sold at the same price as that made without, and the presence of milk in its composition is not advertised as a means of stimulating its sale.

The name "Victory bread" will be permitted by the food administration when it contains a minimum of twenty percent substitute for wheat flour. All bakery products containing one-third of wheat flour substitutes may be sold for consumption on wheelless day, particularly in public eating houses. Housewives are expected by the food administration to follow the Home card directions.

### America, World Creditor

America's exports have again set a high record, having, according to the report of the departments of commerce, passed the \$6,000,000,000 mark in 1917. With imports of less than \$3,000,000,000 this leaves our balance of trade slightly more than \$3,000,000,000.

If there is an American who has heretofore doubted our ability to defeat Germany from a financial standpoint a sight at these figures should convince him of his error. The United States is the great creditor nation of the world today. The preparations that have been made

Commencing Saturday, Feb. 2nd, and continuing one week, it will pay you to lay in your supply now as these goods cannot be bought at wholesale at the same prices.

For the struggle have scarcely scratched the edge of our resources.

And the encouraging feature of the situation is, that the possessors of all this vast wealth are unostentatiously placing it at the disposal of their country.

The power and might of America has decreed the doom of German autocracy and kaiserism, with all the atrocities they stand for.

The suggestion is made that the Government let up on the prosecution of the "trusts" during the period of the war. And why not? We have declared a moratorium for all enlisted men. The "trusts" may not be giving their lives to the country, but they are giving their life blood—money, by the millions. Let's forget the old sores for the time being, and perhaps time and war will heal them.

"We wonder how the kaiser is going to make peace with God."—Detroit Free Press. He fully expects, after he has conquered the earth, that God will sue for peace with him.

Fuel Administrator Garfield says the coal shortage was "largely psychological." We are glad to know it wasn't the dreadful reality the suffering poor imagined it.

"Forward with God," cries the poet. Which God—the God of the Christians or the war god of the Moslems.

### Around the World

The trackless trolley has been a success in England. The Port Arthur (Tex.) Carpenters receive an increase in wages to \$8 a day.

It is estimated that the gross delivery expense of retail grocers in the country is over \$70,000,000 a year.

Federal bureau of labor statistics reports that in the year ending July 1, 1917, the price of a whole hog was \$1.25 per cwt.

### History of Paraguay.

Paraguay has a rich history. Asuncion, the capital of Paraguay, is the oldest city on the Atlantic slope of South America. But even more significant than this, Asuncion was the colony of the new world to defy the doings of its foreign masters and elect its own governor. Here for the first time burned the fires of liberty on American soil, and here for the first time was poured out precious blood for the establishment of those principles for which so many have since died and which we all hold so dear. Twenty-five years before the Plymouth brethren landed at Plymouth Rock, the little colony in Paraguay had elected one of its own native-born Americans as governor, and had forced the king of Spain to recognize his authority and give him the royal support.

### Aridity and Crops.

In ancient civilization we find the people showed a preference for arid countries, and there the soils were most fertile. Egypt, Palestine, Persia, Syria, Mesopotamia, the Libyan and Sahara deserts, Arabia, on both sides of the Mediterranean, in fact everywhere aridity occurs is closely linked with the world's greatest and most valuable crops.

## LIVE STOCK CO. ON CASH BASIS

Changes in Policy of Rush County  
Mutual Live Stock Insurance  
Company Made at Meeting

IS NO LONGER A YEARLING

Enthusiastic Annual Gathering  
Shows Concern Is Now a Per-  
manent Organization

The Rush County Mutual Live Stock Insurance Company is no longer a "yearling," as it was termed at the annual meeting of the company held in the court room at the court house on Saturday afternoon, but a permanent and thriving organization judging from the enthusiastic number of farmers which crowded the room to discuss changes in the policy for 1918, the second year since the concern has been incorporated.

Jesse A. Leisure was unanimously re-elected president as were all of the other officers with J. F. Cross as vice-president; E. B. Lowden, secretary; John O. Hill, treasurer; adjuster of northern district, Clyde Henley of Carthage; adjuster of middle district, Will P. Jay; adjuster of southern district, William A. Mull. A. L. Gary was attorney for the meeting, presenting the amendments.

One year ago the first of February the organization was formed by a group of Rush county farmers for the purpose of aiding one another or any who might join later in case stock belonging to them was lost by accident or disease. Assessments made necessary during the year were GAL TWO CHANGES IN POLICY.

To pay for the insurance granted to members in case of loss. The concern is run on a mutual basis. The membership dues are five dollars. The most important change made in the policy for the coming year is that farmers will pay into the association on a percent, based on their stock. Complete lists of the stocks

## DIGGING FOR COAL IN THE ASH HEAPS OF NEW YORK

Some idea of the scarcity of fuel in the East is gained from this photograph, showing poor people of the East Side of New York digging for coal in the city ash heaps on the site of the \$12,000,000 courthouse that is to be erected.

that a farmer wants insured are to be handed to the secretary by February 15. The lists are to include the numbers, ages and value of stock. At any time during the year the list may be added to or taken from as the number of stock is changed. Stock from the stock yard or such a market center may not be insured until it is away from the center for thirty days, is in good health and has been listed and accepted by the company.

The age limit for stock which may be insured with the company was set from four weeks to eighteen years for horses and mules. In the case of adjusters who were unable to adjust a loss, the constitution was amended so that the adjuster might notify the secretary who might adjust the loss or procure someone to do so. The adjuster is to receive the sum of \$250 for each loss inside of the county, the owner is to pay him \$250 in addition.

Members of the association were given the privilege to notify the ad-

justers as well as the secretary within 48 hours after the death of an animal. A discussion over whether the owner should be allowed 5 or 12 hours to notify a licensed veterinarian of the animal's sickness if he received insurance in case of death ended in leaving the time five hours.

Instead of an annual assessment on the members, assessments shall be levied to meet expenses at the discretion of the board. The assessments shall be payable within 30 days from notice, and the association will not be liable for any losses to members who fail to pay their dues during the period of delinquency.

It was voted to make an assessment to cover the deficit of \$1,400 in the running expenses this year. The delinquent payments would have made the amount but several of the members are going out and it was thought they should aid in meeting the year's expenses. It was voted also that an itemized list of

expenses should accompany notices of assessment.

The date of the annual meeting was changed from the first Saturday in February to the second Saturday of the month, the place to be chosen by the president.

## BAKER IS GOING TO EUROPE

War Department Head to Review Troops and Inspect Camps

(By United Press.)

Washington, Feb. 4—Secretary of War Baker will soon go to France on a tour of inspection. The exact date has not been definitely determined. He will not attend the allied conference nor will he remain in France for any extended period. At present his plans call for a general review of the Gen. Pershing force on the French front and an inspection of the entire war work to be done in France.

The regular meeting of the Woman's Relief corps will be held tomorrow afternoon with Mrs. Margaret Hoadley at her home in West First street. The hostess will be assisted by Mrs. Pearl Crim and as the afternoon will be spent sewing for the Red Cross each guest is asked to bring sewing materials.

The regular meeting of the Wide Awake Sunday school class of the St. Paul's Methodist church, taught by Miss Helen Sander will be held tomorrow evening at the home of Miss Joan Weakley in North Jackson street. The meeting will be called at 7:30.

A clever Valentine social will be given at the Scanlon House on Wednesday evening at 7:30 o'clock by the Epworth League of the Methodist church. All friends and members of the League are invited. Appropriate entertainment will be furnished.

Honoring Mrs. Ray Westerman of Connersville formerly Miss Hazel Stoops of this city, the members of the Always Present class of the Main Street Christian will give a miscellaneous shower in the basement of the church Tuesday evening.

Mr. and Mrs. Walter Capp entertained at their home south of the city yesterday with a prettily appointed dinner party. The guests included Miss Nelle Baldwin, Miss Clorine Amos and Denning Havens.

Mrs. Dell Miles of Washington township will be hostess to the members of the Raleigh Study club at her home tomorrow afternoon. A literary program will be the feature of the afternoon's entertainment.

Mrs. Sarah Mull entertained at her home in Indianapolis this afternoon with an informal social after-

## NIGHTINGALE OF THE CAMPS

Miss Donna Easley, whose singing has cheered thousands of soldiers in National army and National Guard camps throughout the United States, was called for France to sing to the American soldiers in the trenches. Miss Easley is a coloratura soprano, and her singing so aroused the appreciation of the men that the name of the "nightingale of the army camps" was given her. She has covered the country from Ohio in the West to Devens in the East, and she has toured the South, visiting practically every large camp. While at Kelley field, the aviation training ground near Fort Sam Houston, she was taken up in one of the biplanes.

**Sharpening Files.**  
To sharpen files wash them in warm potash water to remove the dirt and grease, then wash in warm water, dry by heat. Put one and a half cups of warm water in a wooden tub, put in the files and then add one ounce of blue vitriol finely powdered and three ounces of borax. Mix and stir the files so that every one comes into contact with the solution. Add ten and one-half cups of sulphuric acid and half an ounce of older vinegar. Boil for a short time, dry with a cloth and wrap in porous paper. The files should be kept in the solution longer time than this time.

## Social Calendar
